

Pawfolio User Persona

✦ User Demographics

Name: John Reyes

Age: 28

Gender: Male

Location: Zarraga, Iloilo

Occupation: Office Employee

Education: College Graduate

“

I have several pets, so I need an easier way to keep their records organized and separate.

”

✦ Personal Bio

Lifestyle & Pet-Care Context:

John is an office employee who owns four pets. He is busy with work but makes time to take care of his pets. He regularly monitors their health, schedules veterinary visits, and keeps track of their vaccinations and medications.

Pet-Care Situation:

John manages information for multiple pets, which can make it difficult to remember each pet's medical history, vaccination dates, and medications. Some of his pet records are stored in different places, making them difficult to find when needed.

Personality:

- Responsible
- Patient
- Organized

Interests & Pet-Care Habits:

- Taking care of his pets
- Keeping pet records organized
- Monitoring their health

✦ Motivations

Time-Saving

Peace of Mind

Easy Management

✦ User Demographics

Name: Angel Cruz

Age: 40

Gender: Female

Location: Jaro, Iloilo

Occupation: Small Business Owner

Education: College Graduate

“

I want to quickly access my pet's medical history whenever we visit the veterinarian

”

✦ Personal Bio

Lifestyle & Pet-Care Context:

Angel is a small business owner who owns a cat. She has a busy schedule but makes sure her pet receives proper care. Her cat regularly visits the veterinarian, so she needs to keep track of medical records, vaccinations, medications, and appointments.

Pet-Care Situation:

Angela has difficulty keeping all of her cat's veterinary documents and medical information organized. She sometimes needs to search through old documents to find previous diagnoses, treatments, or vaccination records during veterinary visits.

Personality:

- Responsible
- Caring
- Detail-oriented

Interests & Pet-Care Habits:

- Caring for her cat
- Regular veterinary visits
- Monitoring her pet's health

✦ Motivations

Quick Access

**Accurate
Records**

✦ User Demographics

Name: Jose da la Cruz

Age: 22

Gender: Male

Location: Rizal, Lapaz

Occupation: College Student

Education: College Undergraduate

“

I want all my pet's health information in one place so I don't have to search through different records.

”

✦ Personal Bio

Lifestyle & Pet-Care Context:

Jose is a busy college student who owns two dogs. He takes care of their daily needs while balancing his studies. He regularly visits the veterinarian and wants an easier way to keep track of his pets' medical records, vaccination, medication, and appointments.

Pet-Care Situation:

Jose sometimes has difficulty remembering upcoming pet-care tasks and finding previous veterinary records. He currently relies on paper documents and notes to keep track of his pet's health information.

Personality:

- Responsible
- Caring toward his pets
- Organized

Interests & Pet-Care Habits:

- Taking care of his dogs
- Keeping his pets healthy
- Visiting the veterinarian
